alzheimer's  association®

Music Student Service League (MSSL)
Attn: Elysia Ouyang
Orange County, California

Dear Elysia,

Over 20,000 caregivers were trained in Orange County last year—thanks to people like you. MSSL's donation of \$246.26 makes a wonderful difference in the lives of people with Alzheimer's and other dementias and those who love them.

Your gift is changing lives by helping prepare caregivers to provide support, by offering 47 support groups, and creating advocacy programs so that our elected officials know how vital it is to find a cure for this disease. Every day, the Alzheimer's Association provides vital programs and services to families in desperate need—all thanks to people like you.

As we have moved into our new home in Irvine, we proudly look at the 22,000 people in Orange County with some form of dementia that we supported last year. Our amazing supporters allow us to provide information and referral 24 hours a day on our Helpline, in over 100 languages. As proud as we are of all we have accomplished together—we must do more. There are 84,000 people with dementia in Orange County, and we are reaching less than half. Thanks to your help, those we serve have found a window of hope. Now we must reach deeper into the community to serve those yet to find the hope we can offer.

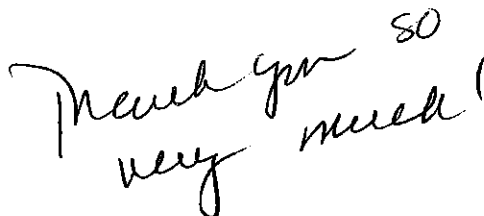

If I may be so bold after offering my most sincere thanks for your gift to ask for one more favor—please tell people about our work. Let friends, family and neighbors know that we exist and that our services are free. Help us reach the tens of thousands of people who can benefit from a 24/7 Helpline, early stage programs, research trials, information and so much more.

From the bottom of my heart, I thank you for being there for those we serve. Without people like you, there would be no Alzheimer's Association.

Best regards,

Linda Yeomans
Vice President of Development
